Installation Instructions

Important Safety Instructions
• Turn off all power to the Junction Box before making any electrical adjustments.
• Always disconnect the power before installing/replacing bulbs, during cleaning or maintenance.
• To avoid the risk of fire, do not exceed the recommended wattage.
• Consult a qualified, licensed electrician before installation.

To Assemble
1. Attach the wires of the fixture to the wires in the junction box using the wago connectors.

2. Install the mounting plate to the junction box using the supplied machine screw hardware. Additional holes are added to the mounting plate to allow for extra mounting hardware (not provided), depending on various ceiling constructions. Anchors or ceiling blocking is strongly advised.

3. Slide the ceiling plate over the mounting plate and secure the set screws using the provided allen key.

4. One at a time, place the crystal over the socket and secure it using the finial (4x).

5. Screw in each bulb (4X). *DO NOT OVER TIGHTEN THE BULBS*

6. Turn on the power and check that good connections have been made.

Care Instructions
• Wipe with a soft cloth. Do not use chemical cleaner.

*We recommend installation performed by a licensed electrician
