

Installation Instructions

Glacon Tall Sconce

Important Safety Instructions

- Turn off all power to the Junction Box before making any electrical adjustments.
- Always disconnect the power before installing/replacing bulbs, during cleaning or maintenance.
- To avoid the risk of fire, do not exceed the recommended wattage.
- Consult a qualified, licensed electrician before installation.

To Assemble

1. Install the beveled mounting plate to the J-box using the supplied mounting screw hardware (2X).
2. Position the sconce wall plate flat on a table. Screw in the bulb and slide the crystal over the bulb.
3. Slide the bracket over the crystal and securely tighten the thumb screws (4X).
4. Hold the assembly next to the J-Box, and connect the wires to those of the J-box using the wire nuts.
5. Remove the set screws (4X) at the 6:00 and 12:00 position on the sconce wall plate and press the sconce over the mounting disc, flush with the wall.
6. Level the sconce and tighten each set screw (4X).
7. Turn on the power to confirm you have made good wire connections.

Care Instructions

- Wipe with a soft cloth. Do not use chemical cleaner.
