

**Important Safety Instructions**

- Turn off all power to the Junction Box before making any electrical adjustments.
- Always disconnect the power before installing/replacing bulbs, during cleaning or maintenance.
- To avoid the risk of fire, do not exceed the recommended wattage.
- Consult a qualified, licensed electrician before installation.

**To Assemble**

1. Hold the sconce body on the wall and mark out the 4 pilot holes. Ensure the sconce is level.
2. Hold the sconce body next to the J-Box, and connect the wires to those in the J-box using the wire nuts.
3. Install the sconce body to the wall using blocking or anchoring (not provided).
4. Once the sconce body is secure to the wall, screw on the provided caps (4X).
5. Screw in the bulbs (2X) in place. Do not overtighten.
6. Turn on the power to confirm you have made good wire connections.

**Care Instructions**

- Wipe with a soft cloth. Do not use chemical cleaner.
