## LE DIAMANT CHANDELIER

### DESCRIPTION

The Le Diamant chandelier is made from heavy wall brass tubes. The four square tubes terminate at each end in a round tube which is offset at various angles. Each round tube terminates with a frosted tubular bulb. These 8 lights create a diamond shape of light offset from the center diamond structure. The electrical cord suspends this brass body at any desired drop length. Ceiling plate is milled of solid brass.

### FINISHES

Shown in Oil Rubbed Bronze (standard). Please inquire about our other finishes. Note: All finishes may vary slightly.

MODEL #	DIMENSIONS	NET WT.
