

# Installation Instructions

## Avion 6 Light Sconce

### Important Safety Instructions

- Turn off all power to the Junction Box before making any electrical adjustments.
- Always disconnect the power before installing/replacing bulbs, during cleaning or maintenance.
- To avoid the risk of fire, do not exceed the recommended wattage.
- Consult a qualified, licensed electrician before installation.

### To Assemble

1. Install the beveled mounting disc to the J-box using the supplied hardware (mounting screws).
2. Using the supplied wire nuts, connect the wires from the sconce to those in the Junction-box.
3. Remove the set screw at the 12:00 position on the sconce wall plate and press the sconce over the mounting disc, flush with the wall.
4. Level the sconce and tighten the set screw to finalize the installation.
5. Screw in each of the 6 light bulbs in place.
6. Turn on the power to confirm you have made good wire connections.

### Care Instructions

- Wipe with a soft cloth. Do not use chemical cleaner.
