

Installation Instructions

Fontenay Linear Chandelier

Important Safety Instructions

- Turn off all power to the Junction Box before making any electrical adjustments.
- Always disconnect the power before installing/replacing bulbs, during cleaning or maintenance.
- To avoid the risk of fire, do not exceed the recommended wattage.
- Consult a qualified, licensed electrician before installation.

To Assemble

1. Attach the mounting plate to the ceiling. Additional holes are added to the mounting plate to allow for extra mounting screw hardware (not provided), depending on various ceiling constructions. Anchors or ceiling blocking are strongly advised.
2. Hold the chandelier near the ceiling and attach the carabiner to the mounting plate loop. Connect the wires from the chandelier to those in the J-Box using the supplied wire nuts.
3. Push the ceiling plate over the mounting plate, flush with the ceiling and tighten the set screws (6X) using the supplied allen key.
4. Carefully remove each piece of styrofoam and allow the shade to rest on the socket cover (12X).
5. Screw in each bulb (12X) by sliding the shade up for easier access to the socket cover. *DO NOT OVER TIGHTEN THE BULBS* It will result in damage to the socket.
6. Turn on the power and check that good connections have been made.

Care Instructions

- Wipe with a soft cloth. Do not use chemical cleaner.
