

Installation Instructions

Alouette Linear Chandelier

Important Safety Instructions

- Turn off all power to the Junction Box before making any electrical adjustments.
- Always disconnect the power before installing/replacing bulbs, during cleaning or maintenance.
- To avoid the risk of fire, do not exceed the recommended wattage.
- Consult a qualified, licensed electrician before installation.

To Assemble

1. Install both beveled mounting discs to the ceiling, one over a J-box, using the supplied mounting screw hardware (2X).
2. Feed the electrical wires through one of the Drop Rods while inserting the threaded connectors (2X) and Drop Rods (2X) into the Main Body.
3. Insert the threaded connectors (2X) into the Drop Rods and through the Ceiling Plate.
4. Fasten each nut and washer (2X) over the threaded connectors to secure the fixture to the ceiling plate.
5. Hold the chandelier near the ceiling and connect the wires from the chandelier to those in the J-Box using the supplied wire nuts.
6. Push the Ceiling Plates over the Mounting Discs flush with the ceiling and tighten all 6 set screws.
7. Screw all 12 bulbs into the sockets. *DO NOT OVERTIGHTEN THE BULBS*. Place all 12 shades over the bulbs.
8. Turn on the power to confirm good connections.

Care Instructions

- Wipe with a soft cloth. Do not use a chemical cleaner.
