

Installation Instructions

Montfaucon Circular Chandelier

Step #2

4. Using the color coordinated quick connects, connect the two leads of the porcelain cone assembly to one of the arms.

5. Push the arm through the hole of the porcelain cone assembly and use the two set screws to fasten both parts together.

6. Repeat steps 5 and 6 for the remaining five arms.

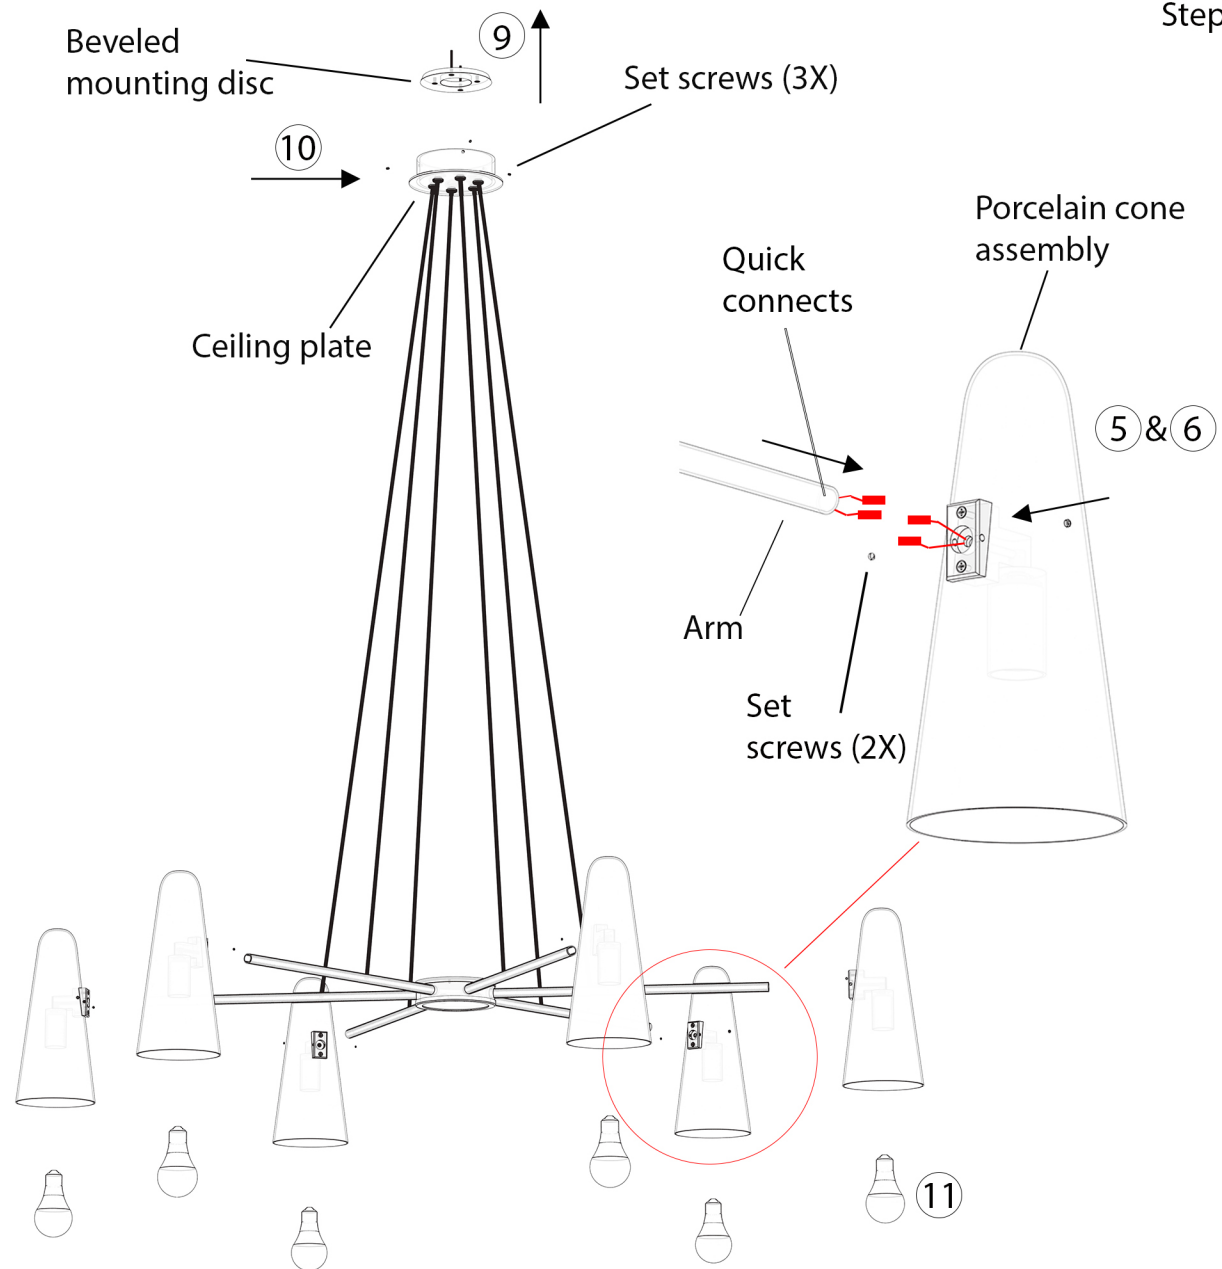

7. Make sure the power is off before making any electrical adjustments.

8. Install the beveled mounting disc to the J-Box using the supplied hardware.

9. Position the entire chandelier over the beveled mounting disc and connect the leads to those in the J-Box with the wire nuts. Next make sure the ceiling plate is flush with the ceiling.

10. Using the provided allen wrench, tighten the three set screws through the ceiling plate and onto the mounting disc tightly.

11. Screw in each bulb and turn on the power to ensure a good wire connection. Do not overtighten the bulbs

Installation Instructions

Montfaucon Circular Chandelier

Step #1

1. Hold the socket assembly up inside the porcelain cone so that the screw holes are aligned.

2. Screw in the bumper assembly with the 2 machine screws by holding it against the cone with the holes aligned. Do not over-tighten.

3. Repeat steps 2 and 3 for the remaining five arms.
